MEMORANDUM FOR:

25X1

25X1

I think there will be some difficulty in dealing with this as it moves up through DDCI and the Director's Office. The simple fact is that it is nowhere near the DCI's style and there will be a spate of efforts to recast it or rewrite it to get it into such a style. Furthermore, it constitutes a rather sizable package for the addressees.

My suggestion, which I have discussed with  is that you prepare for the DCI's signature a covering note to the same addressees. The note would contain essentially what is in the synopsis. I suggest you turn the rest into a blind memorandum which would serve as an attachment to the note.

25X1

My apologies to your secretary, who obviously put a great deal of time and effort into a good job.

Incidentally, believe the note for DCI signature should spell out, in each case, who it is that is receiving copies of the study.
